ZIP.TRIM and ZIP.CLIP

- ZIP.TRIM is sold in 150' rolls (100 clips suggested per 150' of trim)
- ZIP.TRIM available in 1" (Soon offering 3/4" and 2")
- Initial colors for ZIP.TRIM – Black, White, Blue, Red, Gold and Silver (Other colors to follow)
- Clean appearance with no exposed fasteners
- The ZIP.CLIP is designed for use with ZIP.TRIM **only**
- 1/8" and 3/16" clips in stock
- Difference between 1/8" and 3/16" clips is the length (The 3/16" clip is notched at the bottom)
- 1/8" and 3/16" corresponds to the thickness of the face material
- Sold in quantities of 2500 (bulk) and 5000 (50 bags of 100)
- Clip placement is approximately every 18"
- Clips are made of zinc plated spring steel. Corrosion resistant – rated at 720 hours of salt spray.
- Independently tested for attachment and wind load. The clips passed at the equivalent of 90 m/h winds for 100,000 cycles. (Test results available upon request)
- A business card can be used to slide between the trim and return to easily locate the clips
- Both the trim and clips are UL recognized components
- Sold through distribution only - No direct sales
